**Concerning:  
ESBC European Championships 2012 in  
Sweden, Norrköping and other cities**

Blokker, June 5th 2011

**Dear friends,**

In June 2011 the ESBC presidium has visited Sweden, Norrköping and other cities to inspect the bowling centres, the hotels and other sites.

The bowling centres are on a sports level they are up to the highest standard. There is a good mix of hotels from normal to luxury rooms. We have seen the place for the opening and the victory banquet, people who have participated in the EC 1998 will know the congress centre.

In the Swedish organizing committee there are members that are organizing the E.C. for the second time and others have a lot of experience with organizing big tournaments and bowling events. All of them have a great bowling heart, and they are hoping to make this E.C. a great event.

The time we spend in Sweden was very nice and our meetings were in the spirit of joined forces and with respect and friendship for each other. The Swedish organizing committee has done a lot in a very short time. The Netherlands had given back the E.C. 2012 for financial reasons and Sweden stood up to help our 50+ family on short notice. The only downside is that the entry fee will go up again with € 10,00, but due to the circumstances it was unavoidable.

I am sure the Swedish organizing committee will do its utmost to organize terrific European Championships in 2012, with the Swedish hospitality. The bowling centres are not only equipped with certified lanes and equipment they also have nice food and very friendly staff of employees. When you are not bowling the wonderful city of Norrköping and the surrounding cities will provide you lots of beautiful places, bars and restaurants to meet and entertain friends.

I hope the Swedish organizing committee will have a good presentation in the meeting in Haifa and hopefully they get your final approval to organize the E.C. 2012.

Paul Douw. President ESBC
